WORK EXPERIENCE

Hands Together Tech

Front-End Developer

January 2023 - jun 2024

- Designed and developed responsive, user-friendly websites and web applications using React.js, HTML, TailwindCSS, JavaScript, and Node.js.
- Built and maintained reusable UI components to ensure consistency, scalability, and code efficiency..
- Optimized applications for performance, SEO, and cross-browser compatibility.
- Used Git, GitHub, and pull request workflows for version control and team collaboration..

EDUCATION

SS Agrawal College, Navsari

Master of Computer Applications - 7.2

Jun 2021 - March 2023

- Actively participated in technical, non-technical, and sports events, demonstrating a strong commitment to personal and professional growth.
- Secured First Prize in a tech competition at S.S. Agrawal College, Navsari, showcasing problem-solving and creative thinking abilities.
- Attended workshops and webinars on web development, UI/UX design, and JavaScript frameworks to strengthen technical skills and stay updated with industry trends.
- Recognized for effectively balancing academic performance with extracurricular involvement.

PROJECTS

Yuvraj Sahu Portfolio [🔗](#)

InsureAmerican Web App

I build **responsive, modern web applications** with **clean code**. Recent work: the **InsureAmerican Web App**, helping **families manage insurance benefits** through a **user-friendly, interactive interface** and **smooth workflows**.

Disability Claim Assist Web App

The **Disability Claim Assist Web App** enables users to **check eligibility** and **manage disability benefits efficiently**. Designed with a **user-friendly interface**, it **simplifies the claims process** for all users.

Recipe Web Scraping and Display System

Technologies: Python, MongoDB, Node.js, React.js

Developed a **web scraping system in Python** to extract **structured recipe data** from multiple websites. Managed and stored data in **MongoDB**, integrated with a **React.js frontend** to enable **real-time search and browsing**.

Digital Business Card Web App

Technologies: React.js, HTML5, CSS3, JavaScript (ES6)

Designed and developed a **responsive digital business card application** with **customizable themes**, **live preview functionality**, and **cross-device compatibility**.

SKILLS

Front-End Technologies: React.js, HTML5, CSS3, JavaScript, Bootstrap, TailwindCSS

Back-End: Mongoddb, Postman , Node js

Version Control & Tools: Git, GitHub, Visual Studio Code (VS Code)

Testing & Debugging: Test case writing, Cypress Testing, Unit testing (Jest), Browser DevTools, Debugging

Design & UI/UX: Figma, Responsive Web Design, Cross-browser compatibility

Hobbies & Interests

Cooking – Exploring new recipes and experimenting with flavors.

Gym & Fitness – Staying active, disciplined, and healthy.

Traveling – Experiencing new cultures and gaining inspiration.
